SUMMARY

I am a graduate of Wharton County Junior College with an Associate of Applied Science in Dental Hygiene. I was previously employed at a fast-paced, modern dental office that taught me a vast amount in the five months that I worked there. I am very easy going and personable and hope to find an office that will match and reciprocate these qualities. I am skilled in a vast amount of categories, a few listed below, that I believe could attribute greatly to the office atmosphere.
